**Minutes**

- 1. Call to Order**
- 2. Roll Call**
- 3. Approval of Minutes**
- 4. Items for Discussion**

**4.A. Playground Projects**

These are the suggestions sent to Rocky Mountain Recreation to update the design.

**Clarifications**

How tall is this compared to the gazebo?

How does this project fit into the overall timeline of summer events and other construction happening?

If little red is closed for construction next year and the Cathy R. playground is hard to access, the log playground is behind the little red annex but feels out of bounds, would "losing" another playground make sense?

What does the install look like if we cafeteria style the pieces over time on the site?

Things POSTR would like to explore adding

Parental bench

Donut spinner

Zipline (boxy, construction unit)

Something with a spring (like a rocker or light bouncer)

Two spinners instead of one

Is there an option to add a steering wheel element to one of these?

Things POSTR would like to explore removing

Sandbox

Second climbing wall (standalone)

Megaphones - is that part of the structure and is there savings to remove?

Redundant stepping stones
